

Cookie information

You are currently browsing the home page of the Aeroplex Central Europe Ltd (hereinafter "Aeroplex" or "we") website (aeroplex.com). We use Cookies on our websites.

Cookie definition: when you visit our websites, we place a small text file, called a cookie (hereafter referred to as a cookie), on your computer for a variety of purposes.

Purpose of Cookies: some Cookies are essential for the proper functioning of the website (session Cookies), others are used to make the website more convenient to use. The purpose of these Cookies is to facilitate the navigation of the site and thus the use of the website by recording the visitor's preferences and usage patterns.

Types of Cookies: functional and statistical Cookies are used. These are Cookies that are essential to the operation of the site and are used to support sessions, to identify individual user sessions and to make our websites more convenient to use.

Duration of Cookies storage: some of the Cookies we use are temporary and disappear when you close the browser, these are Session Cookies. Cookies that are stored for a limited period of time are stored on your computer for the duration indicated in the table, partly for statistical purposes and partly so that you do not have to re-accept our cookie information each time you view them or regularly adjust your browsing language, for example.

Source of Cookies: we also use third-party Cookies - these are Cookies from a domain other than the domain of the website you are visiting.

Enable or disable functional Cookies: browsers allow you to change Cookie settings. Some browsers automatically accept Cookies by default, but this setting can be changed to prevent the user from automatically accepting Cookies in the future. If you change this setting, the browser will offer you the option to set Cookies each time you change it. If cookies are disabled, however, we cannot guarantee that the visitor will be able to use all the functions of the website to their full extent. The website may then function differently than intended in the browser. This choice may also be disabled by ad-blockers.

Google Analytics Cookies: if you wish to disable Google Analytics cookies, you can do so at any time by visiting <http://tools.google.com/dlpage/gaoptout>.

Cookies					
Name	Purpose	Type	essential	Duration of data storage	Source
moove_gdpr_popup	whether the user has accepted the use of cookies	functional	yes	session	Moove Agency
